#### **Course Description**

How archaeologists invent their own version of the past, illustrated with compelling Old and New World discoveries from early prehistory to the present. How archaeological sites are discovered, excavated, and analyzed; how facts are tested, and fictions unmasked.

This course is going to introduce to the concepts, theories, data, and models of anthropological archaeology that contribute to our knowledge of humans' past, especially when there is no writing history. We will explore what archaeology is and is not. We will explore how archaeology has developed and how it has changed. We will explore the involvement of many new communities and discuss some of the professional and ethical problems between the practice of archaeology today and the conservation, protection, and control of cultural resources. We will explore the interpretation of the material culture using theoretical frameworks that help archaeologists in their research design. We will learn what makes up the archaeologist use in the field. Other topics we will discuss include Indigenous archaeology, archaeozoology, bioarchaeology, and ceramic analysis.

# **Course Format**

# Technology Intensive, Hybrid, and Online Courses

This course adopts a completely online instruction format. You must have internet connectivity, and access to a computer, to participate in the classroom activities and/or submit assignments. All assignments must be uploaded to Canvas in .doc or .docx format to be graded due to the limitations of the grading software in Canvas. Please save or export documents created in other formats (such as Google.docs) to Word before submitting the assignment. Please be aware that the Canvas App does not include the full functionality of Canvas as seen on a computer screen and you will not be able to fully participate in the class if using the app only. See University Policy F13-2 at http://www.sjsu.edu/senate/docs/F13-2.pdf for more details.

# **GE Learning Outcomes (GELO)**

Upon successful completion of this GE course, students will be able to:

- 1. locate and evaluate sources, through library research, and integrate research through appropriate citation and quotation;
- 2. present effective arguments that use a full range of legitimate rhetorical and logical strategies to articulate and explain their position on complex issues in dialogue with other points of view;
- 3. effectively locate, interpret, evaluate, and synthesize evidence in a comprehensive way in support of one's ideas;
- 4. identify and critically evaluate the assumptions in and the context of an argument;
- 5. effectively distinguish and convey inductive and deductive patterns as appropriate, sequencing arguments and evidence logically to draw valid conclusions and articulate related outcomes (implications and consequences).

# **Course Learning Outcomes (CLO)**

Upon successful completion of this GE course, students will be able to:

- 1. Identify the various archaeological theories, methods, and techniques used to investigate the human past.
- 2. Demonstrate an understanding of the nature of scientific inquiry and its application in archaeological research.
- 3. Articulate the goals, and the legal, operational, and ethical framework of cultural resource management and heritage preservation.
- 4. Illustrate the use of archaeological methods with reference to cultural sequences.
- 5. Discuss the relationship between anthropology and archaeology.

# **Course Requirements and Assignments**

Students will be evaluated on the basis of:

(1) **InQuizitive Assignments** are based on the assigned textbook reading for a given week. InQuizitive is a program that comes with the purchase of your textbook. There is a total of 9 InQuizitive assignments and they are worth a total of 100 points. These assignments are due on Fridays by 5:00pm and are accessed via link through Canvas to the InQuizitive website. If you rented or purchased a used book, you can purchase access through the publisher's website. **[90 points]** 

(2) **Mega-Analyses** (40 points each) will include the topics of the Kennewick Man Debate and the African Burial Ground. These analyses will include critical essays on topics informed by library research and original data collection. Topics pertaining to the Kennewick Man Debate and the African Burial Ground will require students to read academic articles and consider multiple perspectives on its content, then present a persuasive argument on a controversial viewpoint. Through essay drafts and instructor feedback, students will get repeated practice in prewriting, organizing, writing, revising, and editing. The first draft of each project will contain at least 1000 words (12-pt font, double-spaced with 1-inch margins). Every student will peer review the first draft of two other students after turning it in to the instructor. The first draft submission and peer review will account for 10 points of the paper total. The second (and final) draft will contain 1500 words and will be turned in directly to the instructor. The second draft will account for 30 points of the paper total. Please include the word count at the end. **[80 points]** 

(3) **Deetz Chapter Analyses:** To help students critically engage with the secondary textbook for the class, eight write-ups (10 points each) will be due on the assigned chapters of *In Small Things Forgotten* by James Deetz. Each analysis requires students to read and report on the topic of the assigned chapter and connect the content with content learned in lecture as well as the importance of the topic in contemporary archaeology. These analyses will be collaborated on by 2 students and will be 500 words each. **[80 points]** 

(4) The Global Exchange Group Project will bring students together in teams to assess contemporary behavior and consider how this helps archaeologists assess past behavior. Students will be required to work together to research an item of their choice and present their findings to the instructor either through a written report. a video presentation, an narrated slideshow presentation, or other media form approved by the instructor. [40 points]

(5) A comprehensive **final examination** will be an essay written on a topic presented to the students near the end of the semester. The final will be turned in through Canvas by the scheduled finals period (except for students requiring disability accommodations). **[50 points]** 

Writing is a critical component of the class, and essays will be required of each student (totaling approximately 6000 words). Mega-analyses, chapter analyses, and the final exam contribute to student writing and critical thinking and will focus on grammar as well as argument and organization. Essays must be typewritten, double-spaced, and use a 12-point font size with 1-inch margins. Proper citation format is required, and you may employ consistently the citation style used in your major.

Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.

#### **Final Examination or Evaluation**

The final exam is a culminating written assignment on the major themes of the course. <u>University policy S17-1</u> (http://www.sjsu.edu/senate/docs/S17-1.pdf) *states that* "Faculty members are required to have a culminating activity for their courses, which can include a final examination, a final research paper or project, a final creative work or performance, a final portfolio of work, or other appropriate assignment."

#### **Grading Information**

InQuizitive	90 pts.	GELOs 1-5, CLOs 1-5
Mega-Analyses (2)	80 pts.	GELOs 1-5, CLOs 1-5
Group Project	40 pts.	GELO 1, CLOs 1-5
Deetz Readings	80 pts.	GELOs 2-5 & CLOs 1-5
Final Exam	<u>50 pts.</u>	GELOs 1-5 & CLOs 1-5
Total	340 pts.	

Extra Credit opportunities will be announced and available throughout the semester with a total of 20 points possible.

Below are basic guidelines for grading. Letter grades will be assigned based on score percentages, as follows:

Grade	Points	Percentage
A plus	960 to 1000	96 to 100%
A	930 to 959	93 to 95%
A minus	900 to 929	90 to 92%
B plus	860 to 899	86 to 89 %
В	830 to 859	83 to 85%
B minus	800 to 829	80 to 82%
C plus	760 to 799	76 to 79%
С	730 to 759	73 to 75%
C minus	700 to 729	70 to 72%
D plus	660 to 699	66 to 69%
D	630 to 659	63 to 65%
D minus	600 to 629	60 to 62%

This course must be passed with a C- or better as a CSU graduation requirement.

<u>To earn an A:</u> All assignments must be completed, on time, and demonstrate mastery of conceptual as well as critical content. Assignments will exhibit thoughtful and critical analysis, effort at conceptual synthesis, and originality. Papers will be carefully proofed for grammatical and typographical errors and exhibit exemplary writing appropriate to the discipline. Seminar responsibilities achieved. Assignments must be of consistently high quality in terms of content and execution. Examinations will score in the range of 90% and above. Final project complete, original, or innovative.

<u>To earn a B:</u> All assignments must be completed, on time, and demonstrate general comprehension of conceptual as well as critical content. Assignments will exhibit thoughtful analysis and effort should be made at conceptual synthesis. Seminar responsibilities achieved. Papers will be carefully proofed for grammatical and typographical errors and exhibit very few writing problems. Assignments must be of good quality in terms of content and conform to standards appropriate to the discipline. Exams may score in the 80% and above range. Final project completed and original or innovative.

<u>To earn a C:</u> At least 80% of assignments must be completed, on time, and demonstrate general understanding of critical content. Knowledge of basic conceptual material should be demonstrated. Seminar responsibilities achieved. Assignments will exhibit thoughtful effort with few errors in content. Papers will likely contain grammatical and typographical errors and exhibit general writing problems. Citation standards incorrect. Exams may score in the 75% and above range. Final project completed at average level of competence.

<u>To earn a D:</u> Failure to turn in assignments in a timely manner or to complete more than 70% of assignments. Only basic knowledge of conceptual material demonstrated. Critical analysis not exhibited, suggesting minimal effort by student. Assignments lack careful or thoughtful effort and several errors in content. Failure to achieve seminar responsibilities or barely acceptable effort. Minimal engagement in class projects. Papers will likely contain grammatical and typographical errors and exhibit general writing problems. Citation standards ignored. Exams may score below 75% range. Final project completed.

<u>F < 60%</u>: Failure to turn in assignments in a timely manner or to complete and submit more than 50% of assignments. Basic knowledge of conceptual material and critical analysis not demonstrated. Assignments exhibiting a lack of careful or thoughtful effort and major errors evident in content. Papers will likely contain grammatical and typographical errors along with general writing problems, especially in word usage. Citation standards incorrect. Exams may score below the 60% range. Final project possibly incomplete or late. Or, failure to take the final exam.

# **Classroom Protocol**

Your education is your responsibility! You are required to adhere to the following guidelines:

- Due to the structure of this course, access to a computer and internet connection is required to participate.
- Students must turn in their assignments on time, late work is not permitted without a valid, documented excuse.
- You are expected to do the assigned readings, review the lecture and other materials, and be prepared to discuss the material with your classmates.
- Your own commitment to learning, as evidenced by your enrollment at San José State University and the University's Academic Integrity Policy (Academic Senate Policy S07-2), require you to be honest in all your academic course work. Faculty members are required to report all alleged violations of the Academic Integrity Policy to Student Conduct and Ethical Development. Instances of academic dishonesty will not be tolerated. Cheating or plagiarism (presenting the work of another as your own, or the use of another person's ideas without giving proper credit) will result in the failure of that assignment and administrative sanctions by the University. For this class, all assignments are to be completed by the individual student unless otherwise specified and will require a TurnItIn score of <u>24%</u> or less. If you would like to include in your assignment any material you have submitted, or plan to submit for another class, please note that San José State's Academic Integrity Policy requires approval of instructors.
- Disruptive and/or inappropriate behavior will not be permitted and may result in disciplinary action.
- Some sensitive topics will be discussed in class. You are expected to be respectful of others during class discussions.
- Emails should conform to a professional format. Extensive questions need to be addressed during office hours. Think about your questions carefully, and make sure to look over the syllabus/assignment thoroughly. I will not respond to questions that can be addressed from reading the syllabus or assignment. Additionally, you will need to include the class and section in your email.
- With that said, I enjoy having fun with my classes and stimulating discussion in an open and comfortable environment. This works best when students are prepared, courteous, and respectful!

# **University Policies**

Per <u>University Policy S16-9</u> (*http://www.sjsu.edu/senate/docs/S16-9.pdf*), relevant university policy concerning all courses, such as student responsibilities, academic integrity, accommodations, dropping and adding, consent for recording of class, etc. and available student services (e.g. learning assistance, counseling, and other resources) are listed on <u>Syllabus Information web page</u> (http://www.sjsu.edu/gup/syllabusinfo), which is hosted by the Office of Undergraduate Education. Make sure to visit this page to review and be aware of these university policies and resources.
